Syracuse, N. Y., April 20.—Theodore Roosevelt today went on the witness stand to defend himself in the suit for alleged libel brought against him by William Barnes.

When the colonel's name was called he arose from his seat at the table occupied by his counsel and smilingly walked around to the witness chair.

In reply to a question he said he was the man who made the statement complained of. He added:

"I am 58 years old and have a wife and six children." In reply to questions by Mr. Bowers, he told in a firm clear voice the story of his early life. Then he sketched his political career. He told of his appointment on the civil service commission, to the office of police commissioner of New York and assistant secretary of the navy. He then told of organizing with General Wood of the Rough Riders regiment to participate in the war with Spain.

Mr. Barnes changed his seat so he could watch his opponent while he was telling of the work of the Rough Riders in Cuba.

Mr. Ives, Mr. Barnes' attorney, objected to this line of testimony and Mr. Bowers said he was trying to show just who the witness was and withdrew the question.

The witness then described his first engagement with the Spanish and Mr. Ives again objected. The court did not rule and the colonel continued:

"We then moved forward toward Santiago."

"I object to that," said Mr. Ives, "what difference does it make where he moved to. I want to shorten this trial as much as possible."

Justice Andrews said the witness had better confine himself to the issue. Mr. Bowers, however, continued to question the colonel about Spanish war matters. Later the colonel said:

"I was elected governor of New York in 1898. Then I became vice president of the United States. I became president when President Wm. McKinley died from a gunshot wound. At the time President McKinley was shot I was in Vermont. I went to Buffalo and stayed there for some time. Later I left and I was with my family when President McKinley died."

Coming down to the time he left for Africa, Colonel Roosevelt sketched his movements for the benefit of the jury. Since his return he said, he had been busy writing and that at times "I was busy with politics."

Syracuse, N. Y., April 20.—Counsel for William Barnes, in his suit for alleged libel against Theodore Roosevelt, rested their case today after they had offered evidence calculated to prove publication of the alleged libelous statements uttered against the former chairman of the Republican state committee by the former president of the United States.

Mr. Barnes' counsel placed only one witness upon the stand. He was John McGrath, Col. Roosevelt's private secretary. He testified that he gave out the statement complained of to newspaper reporters at Oyster Bay. A partial list of sixty-eight newspapers in which the statement appeared was then read and counsel for the defendant conceded that the statement had appeared in them.

They also conceded that a detailed statement of the circulation of each newspaper mentioned was correct.

The case of the plaintiff was delivered after counsel for both sides had delivered their opening addresses to the jury and one witness heard.

William M. Ives, for Mr. Barnes, pictured the former president as having been the nation's greatest arbitrator of morals and said that he was now in court with an opportunity to prove the alleged libelous things he had said about Mr. Barnes on various occasions.

William H. Van Benschoten, for the defense, describes the colonel as the champion of good and honest government and said that he had been prompted to make the statement by the belief that there was corruption

## City Will Aid Financially In "Clean-Up-Day" Movement; O. K.'s Improvement Plan

Two propositions acted upon by council at Monday night's meeting, are in line with the movement to "clean up" the city during the annual spring renovation of the city's yards, cellars and alleys. Council voted to transfer \$100 in public service funds to provide money to pay for the removal of trash, which may follow the movement to clean up the city. It also voted to adopt the decorative plan of Adolph Campe, Columbus landscape gardener, for beautifying the court house park and this work will be started at once. This will mean an expenditure of about \$350 by the city, the county paying another \$350 for the labor and materials.

In speaking of the proposed improvement of the park, members of the committee informed council that the shrubbery, etc., listed in the estimate selected, was of the very best, that it would be taken from the ground by the nursery men from whom it was purchased, and shipped directly to this city. There will be only a few days between the time of its removal from the Philadelphia nursery and its transplanting in the court house park.

All the plants will be full grown and the landscape gardener claims that by the middle of the summer, the park will have the appearance of having been cultivated for several years.

The question of soil improvement will be given attention and arrangements will be made to assure the growth of grass. The arrangement of shrubbery will be done with a view to protect the lawn from "jay-walkers" who can not find time to use the walks but feel they must cut across the lawns.

Upon Mr. Payne's motion, the city solicitor was instructed to prepare an ordinance for the next meeting providing for a special park policeman, and making it a misdemeanor to walk on the lawns or disturb any of the plants or shrubbery. The fine will be fixed at \$5 to \$25 and the city executive will be asked to aid in the preservation of the city's beauty spot by rigid enforcement of the laws.

In discussing the transfer of funds, councilmen expressed the hope that the cleanup movement would be general and that every section of the city would be given attention. Councilman Payne promised no support to future city aid to cleanup day, unless a number of unsightly spots in various parts of the city were made more presentable.

It was the sentiment of council too that the man who trims his trees, places his winter's supply of ashes in the street, deposits several wagon loads of refuse resulting from improvements on his property, should be made to bear the expense of hauling this rubbish away. It was declared to be an abuse of the privilege extended by cleanup day and it is probable that these individuals will find the cleanup day wagons passing by such piles of trash.

The law committee's report on the new telephone plan of collection, advised council that that body had no right to fix the rate of a telephone company and that if the city was governed by past decisions of the supreme court, the city had no recourse in law. City Solicitor Norpell stated that while it was his opinion that the telephone company had done wrong in increasing the rates 10 cents on telephone users who failed to pay before the tenth, that the company was protected by law.

Council's action on the proposed division of the funds resulting from the special levy for hospital purposes, failed to indicate what future action might be taken regarding the proposition. A majority report of the special hospital committee, recommending the passage of a new ordinance governing the future disposition of the money, failed to pass on suspension of rules. Messrs. Legge, Payne, Rexroth and Seward voted against the suspension of rules. The

## Only Ten More Days Remain For the Present Legislature; Bills Dumped Into Hopper

(ASSOCIATED PRESS TELEGRAM)

Columbus, April 20.—With only ten days more of active session in prospect, bills continued to make their appearance in the legislature today. The authors of most said they did not expect their passage, but thought they would assist in starting agitation.

Representative Lovett of Adams county, a banker and an accomplished musician, expected to introduce today a bill providing for state examination and licensing of music teachers for public schools. This measure is backed by the Ohio Music Teachers' Association. It authorizes appointment by the governor of an examining committee.

Lobbyists would be excluded from the floors of both the house and senate even when they are not in session, according to terms of a bill being prepared by Representative Hoy of Jackson. He said members are annoyed by lobbyists who take a seat by the side of a member and stay too long, talking.

That there is slight probability of the passage of his bill providing a compulsory system of interchange of service between rival telephone companies, was indicated by the announcement of Representative Oberlin of Stark that he is considering proposing a resolution authorizing a special investigation by the public utilities commission. He would have the commission's telephone expert inquire into feasibility of the proposed law and make a report to the next legislature through the governor.

The public utilities committee today decided to postpone indefinitely the Hyde bill, providing an eight hour day for railway switchmen. Members said little interest in the measure was shown by organizations of switchmen or other railroad men.

Representative Deaton of Miami, chairman of the house public schools committee, declared today that the Plumb bill, which would repeal much of the new school code enacted by the last legislature, never would be reported out of the committee. He said virtually the only important change in the school laws would be by a substitute bill to be reported out soon, reducing the number of district school supervisors. Under the present law, the maximum number of teachers under one supervisor is twenty. The new bill probably will raise this to 25, Representative Deaton declared. The Thatcher bill, pending in the committee, makes a similar change.

House leaders asserted it is planned tentatively to pass school legislation and a liquor license decentralizing bill this week, and to leave next week free for the appropriation bill and other miscellaneous measures of less importance. The senate still has the taxation measure to pass. It is in the committee now under threat of senators disappointed because the house killed the Gallagher coal screen bill, to bolt the taxation program.

In explaining why he vetoed the Baker bill, exempting charitable institutions for care of poor children from taxation yesterday, Governor Willis, in a special message to the assembly said the measure would result in exempting much more property than was intended.

"In our zeal to encourage charitable gifts for the benefit of the worthy poor, we must not lose sight of the general public interest, in the maintenance of equality of the burdens of taxation," said the governor. "It is highly important that every proposition further to exempt property from taxation be most carefully scrutinized to see that no implicit exemptions not specifically mentioned are involved."

London, April 20.—True bills were returned by the grand jury in the Old Bailey police court today against three alleged German spies, Kueperle, Hahn and Mueller, charged with sending military information to Germany. Anton Kueperle professes to be an American and it is believed he comes from Brooklyn. Mueller claims he is a naturalized Englishman, while Hahn admits he is a German.

Strict precautions were taken today to exclude all outsiders at the hearing. While the judge was addressing the grand jury even the ushers were turned out of the room. When the case is heard in Camera next week every person connected with it will be sworn to secrecy.

## CLEAN-UP-WEEK DESIGNATED BY THE GOVERNOR

(ASSOCIATED PRESS TELEGRAM)

Columbus, April 20.—Governor Willis issued a proclamation this morning designating the week of April 26, as "clean-up-week," for the whole state. The governor urges every one to co-operate with the various public, commercial and civic bodies to beautify every community in the state.

"Cleanliness in body, surroundings, in thought and in speech is not only associated with righteousness, but tends to promote it," said the proclamation. "Flowers in their modest beauty beckon to higher thoughts and action. Pansies and peonies in abundance may make less necessary the work of the policeman. Accumulated rubbish in attics, under stairways and in dark closets is a frequent cause of fire."

Rome, April 20.—Within the past twenty-four hours there have arisen in Rome persistent reports that the grave international questions confronting Italy may be solved in the near future by what at first sight seems almost incredible, the conclusion of a general peace in Europe at a not distant date.

While these reports are intangible and cannot at present be ascribed to a definite source, they nevertheless are entertained in high quarters and they are given heed by careful observers of international politics.

Among other reasons in support of this argument is offered that Rome is an excellent field for the conduct of this nature. Prince von Buelow, one of the ablest of German diplomats, is in Rome as ambassador to Italy; and the official relations between Italy and Germany as well as between Italy and the powers of the triple entente, are cordial.

In certain quarters in Rome, the idea prevails that the advent of spring has not seen such resumption of aggressive hostilities as had been promised, a fact regarded as significant.

London, April 20.—The British admiralty announced officially today that the British submarine E-15 was destroyed in the Dardanelles by British picket boats.

The text of the admiralty announcement follows:

"The submarine E-15 grounded on Kephaz Point last Saturday appears to have been in danger of falling into the enemy's hands in a serviceable condition. Great efforts were made by the Turks to secure her. Attempts to destroy her by long range fire of battleships failed.

"During the night of the 18th two picket boats—that of the Triumph, under Lieut. Commander Eric Robinson, who commanded the expedition, assisted by Lieut. Arthur Brooke Webb, R. N. R. and Midshipman John Webb, and that of the Majestic, under Lieut. Claude Goodwin, both manned by volunteer crews—attacked the submarine. The boats were subjected to a heavy fire, estimated at over 200 rounds, from Fort No. 8, which was only a few hundred yards distant and a number of small gun at short range. Notwithstanding this, the submarine was torpedoed and rendered useless. The Majestic's picket boat was holed and sunk but the crew was saved by the other boat and the only casualty was one man who died of wounds.

"Vice Admiral de Robeck speaks in the highest terms of all concerned in this gallant enterprise. Lieut. Commander Robinson has been promoted to a commander by the admiralty and a report has been called for on the individual services of other officers and men with a view to their recognition."

VERDICT OF SUICIDE  
FOR BARON REUTER.

(ASSOCIATED PRESS TELEGRAM)

London, April 20.—A verdict of suicide while temporarily insane was handed down today, after an inquest into the circumstances of the death of Baron Herbert de Reuter, managing director of Reuter's Telegram company, who was found dead, April 18, at his home in Surrey.

Baron de Reuter was prostrated by the death of his wife five days ago. A discharged revolver was found near his body.

London, April 20.—Another appeal to the government to take the country further into its confidence, is contained in an editorial in the Times, which points out that except for local successes the war situation has undergone little apparent change in the past five months. The paper declares that changes in the battle line during that period on both the eastern and western fronts hardly would be noticed by a map maker while official statements regarding the Dardanelles operations leave much to be desired.

Mrs. Carl Simpson was removed from her home in South Williams street to the City Hospital in the (Crisis) Brothers ambulance. Mrs. Simpson is suffering with typhoid fever.

## Mine Bursting In the Dardanelles

This great spout of water is from the explosion of a Turkish mine in the Dardanelles. The mine was one of those turned loose in the straits for the allies' battleships. But it was obstructed in some manner and went off without damage to warships. The power of the explosion is shown in the great height to which the water was thrown.

## Pres. Wilson In Attendance At the Annual Meeting Of The Associated Press

(ASSOCIATED PRESS TELEGRAM)

Washington, April 20.—President Wilson left here at 8 a. m. today for New York to attend the annual luncheon of the Associated Press, which he will address. Others in the party were Secretary Daniels, Dr. C. T. Grayson, the president's naval aide and Secretary Tumulty. The president will return tonight.

New York, April 20.—President Wilson arrived here shortly after one o'clock this afternoon to attend the annual luncheon of the Associated Press at the Waldorf-Astoria. He was loudly cheered by several hundred persons who were gathered at the Pennsylvania railroad station to greet him. On the way to the hotel he waved his hat continuously to crowds along the streets. He was welcomed on his arrival at the luncheon by a committee of the Associated Press.

## LOST HIS LIFE IN ATTEMPT TO SAVE ANOTHER

(ASSOCIATED PRESS TELEGRAM)

Alliance, O., April 20.—John Burson, 25, held in jail here in connection with the fatal injury of Gottlieb Traxel, 50, by a train yesterday, attempted to hang himself in his cell last night. He was discovered and rescued. Traxel, a watchman at a crossing, saw Burson step in front of a freight train yesterday. He grabbed Burson to try to save his life. It is charged Burson was intoxicated and resisted Traxel, finally pushing him into the path of the train. Traxel was run over and lost both legs. He died in the hospital today. Police have filed a charge of manslaughter against Burson.

Paris, April 20.—Two Turkish torpedo boat destroyers were blown up, says a Saloniki dispatch, while passing through a mine belt which Russian ships had succeeded in laying across the entrance to the Bosphorus while the Turkish fleet was cruising in the Black Sea. As Engagement Is Said to  
Have Been One of the  
Hottest Along the British  
Front Since the Battle of  
Neuve Chapelle—Late  
News Dispatches From  
Berlin.

(ASSOCIATED PRESS TELEGRAM)

London, April 20.—Although the German claim on the one hand and the British and French on the other are diametrically opposed in the matter of the outcome of the battle for Hill No. 60, Southwest of Ypres and near the northern extremity of the British lines, the facts at hand indicate that this engagement was the hottest along the British front since the battle of Neuve Chapelle, and that it perhaps presages the expected general British activity in Flanders.

The British, whether or not they hold all the ground gained undoubtedly still dominate a part of Zandford Ridge, a line of hills running southwest of Ypres and commanding the road from Ypres to Menin. The losses in this fighting have not been announced. Judging from despatches reaching London, they must have been considerable on both sides. The Germans declare that the British made use of shells containing asphyxiating gases. To this, the British reply continues to be that the Germans first resorted to this means of warfare, so if the British are now using it, they are following the example of their opponents.

The Russians continue to hold their firm grip on the main chain of the Carpathians, but news of any decisive action from this arena of the fighting is lacking.

The British press today is speculating as to the whereabouts of Field Marshal von Hindenburg, the German commander of the eastern front. Some newspapers publish the suggestion that he may attempt a diversion in Poland as well as from Cracow, although the idea is advanced that the soggy nature of the land would seem to prevent any large movement except at a great cost of men and material.

The Russian fleet which has been attacking the Bosphorus is reported to have caused the destruction of two Turkish torpedo boat destroyers. A dispatch from Saloniki says the Russians mined the entrance to the Bosphorus while the Turkish fleet was cruising the Black Sea and that the Turkish vessel on returning, ran into the mine field.

Advices have been received in Berlin that a British expeditionary force which attempted to invade German East Africa was defeated and driven away with the loss of 700 men. The British force is said to have landed from cruisers and transports. The German losses are given as fifty-six. The only intimation of a British expedition to East Africa was given at the time of the sinking of the British steamer Falaba by a German submarine. At that time it was said that among the passengers who lost their lives were a number of British officers who were on the way to Africa.

Italy's decision for or against war is believed in Rome to be imminent. The Rome correspondent of a Paris newspaper telegraphs that today marks the expiration of the time limit fixed by Italy for presentation of proposals by Austria. It is generally understood that Austria has declined to make territorial concessions satisfactory to Italy and according to this report, the German and Austrian ambassadors at Rome are preparing to leave the country. Greece also is endeavoring to arrive at a fixed policy in regard to the situation brought about by the war. A representative of King Constantine is on his way to Vienna and Berlin, probably on a political mission.

No intimation has been given as to the purpose of the mission although it is known that King Constantine who is a brother-in-law of Emperor William is opposed to war and has set himself against the party which favors intervention on the side of the allies.

## Who Can Doubt Sworn Testimony of Honest Citizens?

Some time ago I began the use of your Swamp-Root with the most remarkable results. For years I was almost a wreck and was a great sufferer. I was so bad at times I would faint away and had sinking spells. Finally a new doctor was called in and he said that I had kidney trouble and gave me medicine of which I took several bottles. I obtained some relief from this but I was getting weaker all the time; I could not sleep and suffered so much pain that my husband and children had to lift me in and out of bed. After this time two friends sent me word to try Swamp-Root, which I did, and I am glad to state that the first dose gave me great relief. After taking the third dose I was helped in bed and slept half of the night.

I took several bottles of Swamp-Root and I feel that I owe my life to this wonderful remedy. The two family doctors said that I could not live three months. I would have to be helped in and out of bed ten to twenty times every night. After taking Dr. Kilmer's Swamp-Root for two days I was entirely free from getting up and could sleep soundly.

## The Demand Is Great For Salt Water Taffy

Since the arrival of the Roth Brothers they have been kept busy supplying the taffy-loving people of Newark with their delicious Taffy. The Atlantic City Salt Water Taffy is proving even a greater success than we anticipated, and the demand has compelled them to work over-time to meet the requirements. The fact that it is fresh all the time and is made in such a variety of flavors pleases everybody.

It is fascinating to watch the machine pulling and cutting it. The Taffy is pure and made in a very sanitary way. Mr. Roth invites you to come in and try a sample.

## Expert Advice For the Automobile Owner

Queries and Replies Covering Matters of Importance to the Man Who Runs a Car

I have an air cooled engine and wish to thoroughly clean it of carbon. Would it be possible to clean carbon out by putting the cylinders into a pail of kerosene and leaving them for about a day?

As long as you are going to remove the cylinders it is best first to soak them in kerosene, as you suggest. This will probably not remove the carbon, but will merely loosen it. It should be taken off by scraping with a soft, blunt metal tool such as a screw-driver. It should not be hard to reach the corners when the cylinders are removed.

What is the difference in construction between ordinary and cord tires? Ordinary tires use a fabric carcass or one made of a tough grade of duck or canvas, while cord tires are built up on a cord carcass, the latter usually being woven in such a way as to impart great diagonal strength, rendering the tire less susceptible to vertical stress than with some other constructions.

Will you please explain the difference between the dual, double, single, two point and duplex electric ignition systems?

The dual system employs two independent sources of current, but uses a common set of spark plugs and a common high tension distributor. The double system employs two independent systems throughout, with two sets of spark plugs, two sources of ignition, two coils and two distributors. The single ignition system has but one source of current, one transforming system, one distributor and one set of plugs. Two point ignition is where two sparks occur at the same time in the cylinder. It must of necessity, therefore, involve two sets of plugs and synchronized distributors.

Duplex ignition is that in which both a battery and magneto current source are used, but in which the battery is connected with the magneto armature in such a way that it can produce a high tension spark by means of the secondary winding of the magneto or aid the primary at low motor speeds.

I have found that the higher test gasoline uses the more power I get and the hotter my engine gets. Will I injure my motor by using a mixture of motor and illuminating gasoline if the water circulates freely and does not boil? The dealer tells me his motor gas tests 64 and the illuminating gas 72-76 and sometimes more.

As long as the cooling water does not boil it is certain that the motor is operating within the safe range of temperature.

Can you tell me about what the pressure per square inch is on the piston of a motor at the time of firing; also the pressure at the time the exhaust valve starts to open?

The pressure per square inch at explosion depends upon the motor itself to a large extent, but on ordinary four cycle gasoline engines, operating at a mean effective pressure of ninety pounds to the square inch and a terminal pressure of forty pounds to the square inch, the combustion pressure on a good average card taken by the manograph would be about 300 pounds to the square inch.

When running on the level or down grades at a fair rate of speed there is a singing noise that seems to be on the left side of my gear box, but going up grade I can run as fast as I desire and the noise is not there. I can give the car a good start down grade and free the engine and do not hear it any more until I engage the clutch again. It does not seem to injure the pulling at all, but it seems as if there were some parts rubbing. This has been in the car for a long time.

From the description which you give it would seem that the noise is produced by the drive shaft pinion and the differential gear not meshing properly. In order to overcome this it will be necessary for you to install special heat treated parts. The fact that the pinion and gear are not meshing properly causes a misalignment which sets up vibration, producing the humming or singing noise.

Why and how does a four cycle engine back fire in the intake manifold from a lean mixture when the engine is cold and spark retarded?

A mixture which is too lean may not explode, or, if it does, the explosion will be a poor one in which part of the mixture burns slowly with a flame. The flame sticks to the cylinder wall until the inlet valve opens, and then the rushing fresh charge also is ignited, causing an explosion of the gases in the inlet manifold and mixing chamber.

I would like to know whether I could not substitute a six volt storage battery for the four dry cells used for ignition on my car?

Rather than go to the expense of a storage battery for this work, it would be probably better for you to use more dry cells and connect them in parallel. The quality of current from the storage battery would be apt also to burn out the points of the breaker mechanism.

Try Marine Eye Remedy for Red, Weak, Watery Eyes and Granulated Prolids. No Smearing—just Eye Comfort.

How can one ascertain when a storage battery is fully charged and when it is fully discharged?

By testing the solution with a hydrometer. When fully charged the solution will show a gravity reading between 1.280 and 1.300 on the Baumé scale. A battery is said to be discharged when its gravity has dropped to 1.150 or under on this scale.

I would like to know what to use to take off different kinds of rusting that I have used on the brass parts of my car—something that will restore and not harm the original brass surface.

The coat of nickel which is deposited over the brass will have to be eaten off by acid or else scraped off mechanically. The acid will have a more even action and is recommended by large brass companies. The acids used are a mixture of nitric and sulphuric in even quantities. After the acid has eaten through the nickel it will leave the brass and then the acid is washed off and the brass repolished. To get a very good job it would be better to have the brass rebuffed.

Is it practicable to charge batteries with the generator on the car? If so, how often and how long should the engine be run?

During the winter the battery should be charged every two weeks. You can use the generator on the car for this. The engine should be run long enough to cause the battery to show a gravity of between 1.280 and 1.300.

I recently disconnected the pump and magneto shaft on my car to take up a little play, and also adjusted the carburetor. I am getting a good spark and at the right time, but when I try to crank the motor it kicks back. Can you tell me where the trouble is likely to be?

The cause of the trouble is that the spark is advanced far enough for ordinary running, but is too far for cranking. The result is that the spark occurs before the piston has reached upper dead center, and the explosion instead of forcing the motor ahead throws it back in the reverse direction. The magneto should so arranged that the spark occurs at all retard on exact dead center. Magneto's are generally set so that the brake in the primary breaker box occurs at this point.

My radiator was frozen and now leaks when warm. What can I do?

Temporary relief will be obtained by using cornmeal, the method of application being to drop a handful or more into the radiator, when the circulation of the water will naturally tend to collect the substance around the hole, thus plugging the leak. There are a number of radiator compounds on the market which may be of value.

Will you please give me a solution to my troubles with carbon? I find it necessary either to burn or scrape out the carbon from my motor at least every 400 miles, sometimes less. I have tried all kinds of oils with various results, the more expensive oils giving the best. Have also tried different size jets in the carburetor, putting kerosene in the intake every week while the engine is hot, carrying the oil level about half full, etc., but to no avail.

The cause of carbonization in this motor is probably due to too much oil being pumped into the cylinders. This would be due to the gauge on the oil base not registering correctly and hence bringing the oil level too high. It is suggested that you empty all the oil out of the oil base, cleaning it thoroughly with kerosene and then refilling with twenty-one pints of engine oil. If the gauge does not register full at this point bend it until it does.

Is there any need of having the sediment washed out of a storage battery before it short circuits, or should it be cleaned at regular intervals, even though it seems to be in perfect condition?

An ignition battery with rather thick plates may not need cleaning of the sediment, trap for one year or perhaps two. In starting and lighting batteries the period is longer, and usually the plates need replacement when the sediment trap is filled to any extent.

What may be the cause of the brakes not being effective, and how may it be remedied?

The common cause of brake slippage is due to oil on the brake bands. This oil makes its way from the differential housing to the brake bands and causes the brake drum to slip. Poor adjustment of the brake rods will cause poor performance. Take a squirt gun, fill it with kerosene and empty the contents upon the brake bands. This will tend to dissolve any grease or oil upon them.

Will you tell me where the oil works out of front gears?

Most likely a new gasket is needed between the timing gear cover and the crank case. It is possible also that the oil leaks from the pump shaft or crank shaft. There are packing glands to prevent oil leaks at these points, and these should be tightened.

## SAMARITAN AND BRIGHTS DISEASE

James Craig is a prosperous merchant of Silverton, Oregon. He has time to think of the health and happiness of those about him.

A young lady school teacher, the daughter of a friend, was succumbing to Bright's Disease. Craig wrote to the late N. W. Spaulding, then United States Sub-treasurer of San Francisco, to ask if there was any truth in the report that Bright's Disease was being cured in California. Spaulding replied that after he had spent \$10,000 with physicians his own daughter had recovered, and that too after the dropsy had developed and the case was supposed to be hopeless.

Craig advised the father and Pauline's Renal Compound was taken to the patient. She recovered and was teaching school at last advice. Craig was delighted and told others. He sent us the name of nearly a dozen helped to new leases of life.

The ability of Pauline's Renal Compound to oppose Renal degeneration and reduce albumen in many cases of Bright's Disease is not a matter of opinion but a FACT IN PHYSICS, and we will mail formula for albumen test that will show the percentage of albumen in the urine. As the albumen declines, improvement commonly follows, recoveries having been reported in thousands of cases. Formula and literature mailed on request. John J. Fulton Co., San Francisco. F. D. Hall is local agent. Ask for pamphlet.

## EAST MAIN STREET SCHOOL DEFENDS LAST YEAR'S TITLE

East Main street school defeated North Fourth street school 10 to 1 in a five inning game yesterday at White Athletic Field before a good crowd, numbering about 300, including many older persons. This was the first game in this year's schedule for the grade school championship and the Haynes trophy. The schedule is arranged and under the supervision of Prof. Millisor, director of the public play grounds.

East House excelled in all departments of the game and won on their merits. Drumm pitched well for North but was given very ragged support. North's battery worked well but the fielding was poor, except Boring at shortstop, who handled all his chances in good style. Ruton led in runs with three to his credit while the Jaynes brothers performed in usual style. Cook caught an excellent game. The next game will be between Blessed Sacrament and Central.

## \$11,000 Beauty Enters Select Circle at Last.

Rube Marquard.

Rube Marquard, who was purchased from the Indianapolis club of the American Association by the New York Giants some years ago for \$11,000, has at last entered the select circle of no-hit pitchers. He made that record in the very first game he pitched for the season of 1915 and on the day after the opening of the season. He held Brooklyn without a hit or a run in the game at the Polo Grounds, New York.

Marquard's development is an example of the waiting powers of John J. McGraw, manager of the Giants.

His \$11,000 beauty did little for him until 1913, when those persons who had been laughing at the manager for having "picked a lemon" were surprised to see Marquard pitch 19 straight victories. Without those victories the Giants could not have won the pennant in their league. Last year he pitched 12 games in a row without a victory. Then he had a winning streak. Lack of control is Marquard's weakness. When he can put the ball where he wants to he is one of the greatest pitchers ever known to the game. When he fails he is very poor.

## BOWLING

The Red Sox won three straight games from the Braves last night in the United League games on the Pastime alleys. This clinched first place for the Reds, but the Braves gave them a hard fight for the honor, it taking this week's games to decide it. Coyle Allen had high average.

## WILL ABROGATE FOOTBALL UNTIL THE WAR CLOSES

(Associated Press Telegram)  
London, April 20.—The English football association has announced that with the close of the present season on May 5, no more professional football games will be played until after the war is ended. "It is necessary to finish the present season, even at a very heavy loss," the secretary of the association explained, "because of the existing contracts for players, grounds and other things which involved an expenditure of \$4,000. None of these contracts has been renewed for next year."

At the outbreak of the war there was much opposition to the football association and the football league carrying out their schedules for this season, which began in November. There was some talk of asking parliament to suppress "professional football during the war, but Premier Asquith declared that the situation did not warrant any such legislation.

George Stallings of Boston, of course, expects to repeat and not only show the New York Giants under John J. McGraw that his is the best club in the National League, but he hopes to prove his better than the pennant winner of the American League, as he did last year. Clark Griffith will be found in the fight in the American League with his Senators for the pennant. Connie Mack's season is the most problematical of all. He has lost his two greatest players, second baseman Collins and third baseman Baker. In addition, pitchers Bender, Plank, and Coombs, who have been responsible for much of his success in the past, have been dropped. If his young pitchers hold up and if he finds men to replace Collins and Baker he will have a chance.

Mr. Charles McDewitt of Union street and Mr. James Murphy, the West Main street grocer, spent Monday afternoon at Buckeye Lake. Messrs. McDewitt and Murphy succeeded in landing eleven fine bass in a little over two hours; weighing from three to six pounds, with an aggregate weight of fifty pounds. This is considered by old residents of the lake to be the finest catch of big mouth bass in the history of Buckeye Lake and Messrs. McDewitt and Murphy can well be proud of their wonderful record and that they are now considered to be the champion fishermen of Buckeye Lake.

JOHN MCGRAW N. Y. GIANTS. CLARK GRIFFITH, WASHINGTON. GEORGE STALLINGS BOSTON BRAVES. CONNIE MACK PHILA. ATL.

The men who furnish the dope on baseball select these four managers as captains of the teams which will fight in their respective leagues for the pennant of 1915, and later for the championship. George Stallings of Boston, of course, expects to repeat and not only show the New York Giants under John J. McGraw that his is the best club in the National League, but he hopes to prove his better than the pennant winner of the American League, as he did last year. Clark Griffith will be found in the fight in the American League with his Senators for the pennant. Connie Mack's season is the most problematical of all. He has lost his two greatest players, second baseman Collins and third baseman Baker. In addition, pitchers Bender, Plank, and Coombs, who have been responsible for much of his success in the past, have been dropped. If his young pitchers hold up and if he finds men to replace Collins and Baker he will have a chance.

**CHAMPIONS ARE SUCCESSFUL IN DEFENDING TITLES.**  
(Associated Press Telegram)  
San Francisco, April 20.—Four national champions successfully defended their titles in the finals of national amateur wrestling tournament held here last night under the auspices of the Amateur Athletic Union in connection with the Panama-Pacific exposition. Winners of eight places were awarded national titles.

The champions who won their matches were: Richard Goudie, of the Lima, Ohio Y. M. C. A. in the 108 pound class; S. Vorres, of the Greek Olympic A. C., Chicago, 125 pound class; Ben Ruebels, of Chicago, Hebrew institute, 158 pound class and Earl Caddock, Chicago athletic association, 175 pound class. Caddock also became champion in the heavyweight class.  
Goudie of the Lima, Ohio Y. M. C. A. defeated Earl Benson, of the Swedish American A. C., Brooklyn.

## Cold Plunge.

English men-of-war have no ice-making machines on board, as do our ships, and everybody knows how the English fail to understand us on the subject of the use of ice, especially in our drinks.  
An English officer was aboard one of our ships of the Asiatic fleet, and, on being served with an iced drink, commented on the delights of having cool water aboard. The American officer responded with an offer of a small cake of ice, which was sent the following morning. Meeting the Englishman ashore a week later, the American asked him if he had enjoyed the ice.  
"Enjoy it old top? Why, do you know, that was the first cold bath I've had since I left England!"—Harper's.

## "TIZ" FOR ACHING, SORE, TIRED FEET

"TIZ" for tender, puffed-up, burning, calloused feet and corns.

You can be happy footed just like me. Use "TIZ" and never suffer with tender, raw, burning, blistered, swollen, tired, smelly feet. "TIZ" and only "TIZ" takes the pain and soreness out of corns, callouses and bunions.  
As soon as you put your feet in a "TIZ" bath, you just feel the happiness soaking in. How good your poor old feet feel. They want to dance for joy. "TIZ" instantly draws out all the poisonous exudations which puff up your feet and cause sore, inflamed, aching, sweaty, smelly feet.  
Get a 25 cent box of "TIZ" at any drug store or department store. Get instant foot relief. Laugh at foot sufferers who complain. Because your feet are never, never going to bother or make you limp any more.

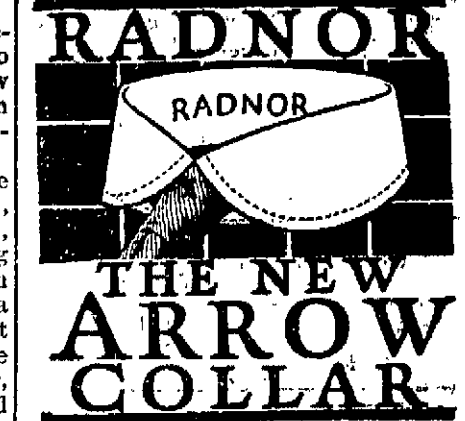

## IF BACK HURTS BEGIN ON SALTS

Flush the Kidneys at once when Backache or Bladder bothers—Meat, forms, uric acid.

No man or woman who eats meat regularly can make a mistake by flushing the kidneys occasionally, says a well-known authority. Meat forms uric acid which clogs the kidney pores so they sluggishly filter or strain only part of the waste and poisons from the blood, then you get sick. Nearly all rheumatism, headaches, liver trouble, nervousness, constipation, dizziness, sleeplessness, bladder disorders come from sluggish kidneys.

The moment you feel a dull ache in the kidneys or your back hurts, or if the urine is cloudy, offensive, full of sediment, irregular of passage or attended by a sensation of scalding get about four ounces of Jad Salts from any reliable pharmacy and take a teaspoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia and has been used for generations to flush clogged kidneys and stimulate them to activity, also to neutralize the acids in urine so it no longer causes irritation, thus ending bladder disorders.

Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia-water drink which all regular meat eaters should take now and then to keep the kidneys clean and the blood pure, thereby avoiding serious kidney complications.

The newest outdoor sport for Philadelphians is the jitney jaunt. Philadelphia people always were great money spenders.

Ben McCutcheon in the Chicago Herald pictures two children planting birdseed. One of them said she wanted to raise two canaries while the boy of course hoped to sprout a parrot that could talk. This can be fixed up as a nice little parlor story for those who desire.

"Shipping shoes to soldiers" isn't the name of a new song like "Susie's sewing shirts for soldiers," but is the subject under discussion in Boston these days. People down in the Massachusetts town are asking whether shipping shoes to soldiers is militarist or humanitarian. People in Boston are always so awfully intellectual.

**Courageous Wisconsin.**

(Chicago Herald.)  
Wisconsin has passed an anti-tipping law. After displaying her courage in various directions for a number of years—so much so that she has become famous for it throughout the union—she has at last served herself to meet the supreme test. Henceforth the waiter's deft attention must be free from the taint of undue self-interest. Henceforth the Pullman porter's services for passengers descending from trains in that state must be inspired by nothing save the love of humanity. From this time forward, according to the act just passed, the night hackman must restrain his love of lucre, the checkroom artist must cease from troubling.

That is a large order for even a great commonwealth to give. It is significant that militant Wisconsin has waited until this late day to give it. She evidently wanted to school herself by attacking lesser things, like trusts and political corruption, before she tackled the large proposition. She evidently wanted to steel herself for the greatest struggle of all.

**May Be Forty-Ninth State.**

(Brooklyn Standard Union.)  
When New Mexico and Arizona became, respectively, the forty-seventh and the forty-eighth states of the Union, three years ago, there was speculation as to what territories would form the next two and bring the number of commonwealths in the sacred bond up to the round half-hundred. Alaska and Hawaii were supposed to be the most available for statehood, but it was believed that many years must elapse before they would pass beyond the territorial stage.

**Move On!**

By EDWARD BRYAN ANDREWS  
"MOVE ON!" cries the conductor to the man who stands in the car's entrance. "Move on!" shouts the officer to the loafer who blocks the sidewalk. Life is movement. The man who attempts to block the way of moving civilization is crushed beneath the wheels of progress. Keep in motion. Throw yourself into the moving current of human progress. Do not allow yourself to be left behind in an eddy pool, or lost on the banks of civilization's stream. Join the vanguard of the human army. Do not loiter behind to be picked up by the baggage wagon. Be a leader, not a stumbling block. If you can not lead, stand aside and let another lead, but do not try to check the march. Stillness foretells stagnation, and stagnation breeds decay. Stillness points to destruction. Progress means fulfillment.  
Be a builder, not a destroyer. A weakling can tear down and destroy. It requires strength to be a builder. Hate and vengeance can demolish. It takes patience and love to produce and to build. Stand still and opportunity passes by you. Move on and victory comes to meet you.

**Unquestioned Antiquity.**  
We never did like the mother-in-law joke, but have learned to respect it because of its great age. The joke was a distinguished contemporary of Methusalem, and as we all know, has survived that ancient citizen by something more than two thousand years.—New Orleans States.

**Real Candor.**  
Another way in which the candidates might state their position if they were entirely frank would be this: We hereby solemnly pledge ourselves to circumvent the civil service law to the best of our ability and at every possible opportunity.—Ohio State Journal.

**There are Others.**  
A cable from London says that Colonel Joseph E. Willard, American ambassador to Spain, has arrived. The colonel isn't the only Willard that has recently "arrived."—Chicago Herald.

**Prosperity in Sugar Beet Business.**  
Eighteen months ago Colorado was talking about going out of the sugar beet business, but has reconsidered. The best beet fields of Belgium, Germany and France will not be producing this year, and so the Centennial State finds her opportunity. The Federal Department of Agriculture is attempting to raise beet seed in Colorado this year, with every prospect of success, and it is expected that this will make the United States independent of the seed supply hitherto furnished by Germany and Russia. It must be some time before the continent of Europe and Russia will be in position to supply sugar on a great scale, and meantime our sugar beet States will have nothing to complain of. Colorado is setting out to raise a record sugar beet crop this year.—Springfield Republican.

**Pennsylvania's Governor.**  
Governor Brumbaugh is not supposed to have those Presidential aspirations which Governor Whitman of New York, is believed to cherish, but he is going up to the job in much better fashion. Samuel J. Tilden, Grover Cleveland and Woodrow Wilson all made their reputation by fighting the bosses of their party. Dr. Brumbaugh has a pugnacious chin and seems to enjoy these little ructions. Let him keep at the good work.—Philadelphia Record.

**Panama Canal Figures.**  
The total revenue of the Panama Canal up to April 1, was \$2,894,300, or \$125,000 short of expenses. It may be safely calculated that it will pay operating expenses this year. When it receives about \$10,000,000 more it will pay the interest on its cost.—Pittsburg Dispatch.

**Lincoln Lives.**  
Today the nation stands by murdered Lincoln's bier. But it turns to that hallowed spot not so much to register a sense of grievous loss as of rich and full possession. Lincoln lives. There is something of him in the air we breathe, in the thoughts we think, in the aims we cherish as a nation. Life for every true American has been altered somewhat—and altered for the better—by the example of the great President whose "perplexed and patient eyes grew still" just fifty years ago.—Chicago Herald.

**"Pennsy" in Line for Prosperity.**  
Substantial evidence of the turn of the tide in business lately forecast by the upturn of security values on the stock exchanges is convincingly presented in the announcement of the Pennsylvania Railroad, that it is in the market for \$20,000,000 of new equipment of the most up-to-date type. The company is about to replace outworn rolling stock with 144 new locomotives, 146 steel passenger cars, and 10,000 steel freight cars, some of which will be constructed in its own shops and some purchased from independent fabricators. This is a "large order" even for the Pennsylvania Railroad Company—the largest, it is significantly added, that has been placed for more than a year.—Philadelphia Record.

**Buy Now and Boost Business!**  
Prosperity in America is largely dependent on our internal trade. If you "buy now" whatever you need of luxuries or necessities, you will contribute to your own welfare by contributing to the general prosperity of the United States. Taking the advertising section of Cosmopolitan as your guide, check over all your personal, household or property needs, and Buy Now! That prices are lower than they will be again for years, is the judgment of commercial

prophets. All saving and no spending makes times a dull day. Economy is praiseworthy, but with things as they are now, the best economy you could practice is to buy for your "needs," make all the improvements you had in mind before the war started, and fill all the necessities that have arisen since. Buy now and please mention Cosmopolitan, and get a little better service.—Cosmopolitan Magazine for May.

**Children Make Bird Houses.**  
The boys and girls of the Columbus public school, under the direction of one of the teachers, are making bird houses. They have already made twenty, of sizes ranging from one to nine rooms. These are intended for martins, especially, since they consume such numbers of destructive insects. The old idea that the only use a boy has for a bird is as a target for stones and air gun is surely dying out in progressive communities. Intelligent people, old and young, recognize birds as invaluable friends to the farmer, the fruit grower and the gardener and protect them as such. We are glad to note that several Brookville boys are providing houses for wrens and bluebirds and are thus doing their part in this good work.—Brookville American.

**The Critic's Office.**  
A friend who is preparing a paper on criticism asked us our notion of a critic, and the best we could do offhand was to bring to mind the young hero who, finding a break in a dike, thrust his arm into the hole and held back the devastating flood until help arrived. The flood is mediocrity, and criticism should be a dike holding it back, instead of being, as it is in this country, a sluiceway. Given a wall, it would be the duty of the critic to keep an eye on it, and to plug a leak whenever he spotted it.—Chicago Tribune.

**Pointed Observations**

Instead of having a strike why don't both sides decide to make it a "ten-strike" with the public by coming to a working agreement?—Chicago Herald.

There is a certain fine restraint about the reactionary politicians; they haven't seriously proposed Penrose of Pennsylvania as the candidate for 1916.—Milwaukee Journal.

An official investigation has proved that the Japanese are not so foolish as our sensationalists.—Pittsburg Dispatch.

"This country is at peace without a sacrifice of honor," says Mr. McAdoo. It might be added that some others are at war without honor.—Louisville Courier-Journal.

Indiana needn't be "puffed up." It is said that after the last general election in China 1,500 persons were arrested for bribery.—Cleveland Leader.

Every resolution to save a dollar has an invisible but working opposition.—Atchison Globe.

The girls have grown weary of dresses to fight that bystanders leery said they were a fright. Their skirts are so scanty! often have wept when sister and auntie around me have stepped. None could be more helpless in pinions of steel, yet patient and helpless they stood the ordeal: for women will suffer in silence and smile: they think 'twould be tougher to be out of style. No women have scampered or frolicked for years, their garments so hampered the lovable dears. But fashions are changing, and soon the wide gown, they say, will be ranging all over the town. Our Bessies and Annies may dig from the chest the gowns of their grannies and trot with the best. Their less-let your pardon! their limbs I should say—will

Say, Do you remember when you were a kid, how they used to tell you that it's just a cent's worth into a pond, and how it made a ripple. That went on, and on, and on, and on, until it reached the distant shore, or something like that?  
And when you got big enough you went to the minstrel show and saw the end man and the middle man. Show how a quarter of a dollar paid off ten dollars worth of debts in about five minutes. To start your dollars. Moving around the circle. Pay off your debts. Buy what you need. And buy it now. Get things started. Put money in circulation. That's good sense. And patriotism. And good business. Every ripple in the pond. Helps break the stagnation. Get busy. And make a splash. "Buy it now." And get your money back. —Marco Morrow in The Topeka Daily Capital.

**It is easy enough for a woman to make a man marry her. But it isn't so easy to make him stay put.**  
Some men have everything that goes with the mule and the rabbit except the long ears.  
An insurance company will tackle almost any risk. But it isn't foolish enough to insure happy marriages.  
What has become of the old fashioned soul mate that used to marry one of those affinities every now and then?  
Any man would rather be known as a windy fool than keep his mouth shut when he has nothing to say.  
It often happens that a couple that can't raise a dollar a week to pay the installments on the furniture can manage to raise \$100 to get a divorce.  
They can use paint and fool you on their complexions. But they can't paint on a corn fed shape. That has to grow.

Add up your talk and you will discover that if you had refrained from saying half the things you said yesterday the world would be just as well off today.

**THAT TIRED FEELING**  
Relieved by Hood's Sarsaparilla, Which Renovates the Blood.

That tired feeling that comes to you in the spring, year after year, is a sign that your blood lacks vitality, just as pimples, boils and other eruptions are signs that it is impure; and it is also a sign that your system is in a low run-down condition inviting disease. It is a warning, which it is wise to heed.

Ask your druggist for Hood's Sarsaparilla. This old standard tried and true blood medicine relieves that tired feeling. It cleanses the blood, gives new life, new courage, strength and cheerfulness. It makes the rich red blood that will make you feel, look, eat and sleep better.

Be sure to get Hood's because it is the best. There is no other combination of roots, barks and herbs like it—no real substitute for it—no "just-as-good" medicine.

## Society

The Busy Bee club of St. John's Evangelical Sunday school, held an indoor picnic Friday afternoon at the Parish House. Music and games were enjoyed by those present.

Refreshments were served the following members and one guest: Misses Freda Butler, Charlotte Riedel, Helen Fredinour, Geraldine Kroeger, Madeline Chalmers, Helen Maier, Elizabeth Maier, Mary Vogelmeier, Gertrude Harrison, Esther Sunkel, Margaret Kline, Margaret Lohman, Daisy Potb, Mary Vogel, Mary Reichart, Helen Horsch, Anna Klein, Goldie Slate, Georgia Horsch, Frieda Siegle, Hattie Wiley, Catherine Schoeller, Henrietta Lohman, and George Chalmers.

On Sunday evening more than one hundred guests assembled at the home of Mrs. W. W. Davis in Elmwood avenue to hear the talented young pianist, Isidor Matlin of Columbus, in a pianoforte recital. This promising young artist will be presented for the first time to a Columbus audience by his teacher, Mr. Frank Murphy, in Rankin Hall, on Thursday evening, April 23. Those who heard Mr. Matlin Sunday evening in the rendition of numbers requiring the most consummate skill, will look forward with great interest to his initial appearance in Columbus. The program, which consisted of numbers by Liszt, Chopin, Poldini, Korsakow, etc., all showed the most perfect technical equipment. Although one wished a deeper warmth and perception in all the lyric episodes, his faultless technique, delicately refined phrasing and thematic unfolding of passages requiring the greatest clearness, combine in making him a pianist of the rarest qualifications.

**BURRIS-SMITH.**  
On Saturday evening, Rev. L. C. Sparks officiated at the marriage of Miss Josephine Smith and Mr. Reese W. Burris, the wedding taking place at the home of the bride in 332 West Main street. Mr. and Mrs. Burris will reside at 352 West Main street. The bridegroom is an employee of the Ohio Electric Railway company.

The members of the Colonial Sewing club will be entertained at the home of Mrs. John Dial in Mechanic street on Wednesday afternoon at 2 o'clock.

Mr. and Mrs. J. A. McMillan of the Cherry Valley entertained at their guests Sunday, Mr. and Mrs. K. F. Schultz and son, and Mrs. W. H. Forry.

The Elks' Social club will entertain with the last dance of the present series at Assembly Hall on Wednesday evening. The dance will be informal, and any man appearing in dress suit is threatened with a fine of a dollar. The Nutter-Hawkins orchestra will furnish the dance program.

The Women's Music club will be entertained on Thursday afternoon at the home of Miss Anna Hilliard in West Church street.

A number of tickets have been sold for the Elsie Hirschberg-Lyon concert which will be given at the Second Presbyterian church this evening. Miss Hirschberg-Lyon, who is well known to Newark audiences for the beauty of her mezzo dramatic soprano voice, will be accompanied by her sister, Miss Salina Hirschberg.

### Dandruff Heads

Become Hairless

If you want plenty of thick, beautiful, glossy, silky hair, do by all means get rid of dandruff, for it will starve your hair and ruin it if you don't.

It doesn't do much good to try to brush or wash it out. The only sure way to get rid of dandruff is to dissolve it, then you destroy it entirely. To do this, get about four ounces of ordinary liquid arvon, apply it at night when retiring, use enough to moisten the scalp and rub it gently with the finger tips.

By morning most, if not all, of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it.

You will find, too, that all itching and digging of the scalp will stop, and your hair will look and feel a hundred times better. You can get liquid arvon at any drug store. It is inexpensive and four ounces is all you will need, no matter how much dandruff you have. This simple remedy never fails.

## WET AND DRY ELECTION FOR ASHTABULA, O.

(ASSOCIATED PRESS TELEGRAM)  
Ashtabula, O., Apr. 20.—A wet and dry election under the Beal law, will be held here within 30 days as the result of filing of petitions with the city council here last night by the temperance forces. Ashtabula has 41 saloons, opened less than a month ago under the home rule amendment after the city had been dry six years.

## PROVIDES FOR NORMAL SCHOOL

(ASSOCIATED PRESS TELEGRAM)  
Columbus, Apr. 20.—Establishment of a new normal school at Seneca, Harrison county, is provided in the Beetham bill, which the house colleges and universities committee today decided to report out with no recommendation. It has been postponed indefinitely in the committee previously, but was resurrected on request of the author, Representative Beetham of Harrison.

## Obituary

**Death of Infant.**  
Wm. Nelson, Jr., infant son of Mr. and Mrs. Nelson Pierson, died at the City Hospital Tuesday morning at 9:30 o'clock. Interment will be made at Cedar Hill cemetery, Wednesday morning at 10 a. m.

**Card of Thanks.**  
We wish to thank the many friends and neighbors of Mrs. Josephine Parr for their kindness through her last sickness, also Rev. Mr. Ward for his consoling words and Mr. Bazler for his services. We also thank the choir of the Central Church of Christ for the beautiful selections they sang. Her children and grandchildren.

**A WOMAN DOCTOR.**  
says, "Eugenics is a necessary factor in the future of the race. The average American girl is unfit for motherhood." This may be true, but if weak and ailing girls passing from girlhood to womanhood would only rely, as thousands do, upon Lydia E. Pinkham's Vegetable Compound, that simple remedy made from roots and herbs, to restore the system to a normal healthy condition, it would cause many ills from which they suffer to disappear, so that motherhood might become the joy of their lives.

## FOOD SUPPLY IS CRITICAL IN TRIESTE

(ASSOCIATED PRESS TELEGRAM)  
Rome, April 19.—Via Paris, April 20.—The food situation in Trieste is critical, according to advices telegraphed here from the frontier. The mayor is said to have announced officially that the bread supply was exhausted although that which has been supplied for the past few weeks has been made from a mixture in which wheat is almost lacking.

**The Price.**  
Jean longed for a kitten. When illness made it necessary for Jean to go to the hospital, her mother said:

"I will make a bargain with you, Jean. If you will be a brave little girl about your operation, you shall have the nicest kitten I can find."

Jean took the bait, but later, as she came out from under the anesthetic, she realized how very wretched she felt. The nurse leaned over to catch her first spoken word.

"What a hum way to get a cat!" moaned the child.—Harper's Monthly.

## MAY BEGIN NEW REVOLT IN MEXICO

(ASSOCIATED PRESS TELEGRAM)  
Washington, April 20.—Official dispatches from Mexico today contained nothing to indicate that followers of General Huerta along the border were preparing to signalize General Villa's heavy defeat at Culiacan by beginning a new revolt and they likewise contained no mention of the reported quarrel between Villa and his chief lieutenant, Angeles.

Other dispatches were being awaited for details of the extent of Villa's defeat in the six days' fighting during which his losses have been reported at 6,000. Department advices said that Villa was preparing to reorganize at Aguas Calientes for a new attack on Obregon, the Carranza commander.

**Finding His Bride.**

In one part of the canton of Ticino, in Switzerland, a very quaint marriage ceremony prevails. The bridegroom dresses in his "Sunday best" and, accompanied by as many friends and relatives as he can muster for the fete, goes to claim his bride. Finding the door locked, he demands admittance. The inmates ask him his business, and in reply he solicits the hand of his chosen maiden. If his answer were deemed satisfactory he is successfully introduced to a number of matrons and maids, some perhaps deformed and others old and ugly. Then he is presented to some large dolls, all of which he rejects with scorn, amid general merriment. The bewildered bridegroom, whose impetuosity and temper are now sorely tried, is then informed that his ladylove is absent and is invited in to see for himself. He rushes into the house and searches from room to room until he finds her in her bridal dress ready to go to church. Then are his troubles over and his state as a benedict assured.

**Through the Looking Glass.**  
If you listen to two men discussing eastern races—the Chinese in particular—you will invariably hear them remark with that weighty tone of finality in which people are wont to deliver their obiter dicta: "The Chinaman is an enigma, an insoluble mystery; behind his impenetrable mask there lurks we know not what curious variant of the human race." But does it ever occur to us that in the "barbarian" or "foreign" Chinaman finds a problem of even greater perplexity?

The fact that all our books begin at the wrong end and that our lines are printed horizontally instead of vertically is to him overwhelming evidence of the topsy turviness of our minds; that we shake a woman by the hand is, in his eyes, most unseemly, while our dancing, with its lack of dignity and stately grace, suggests to him nothing less than a war dance of savages. The practice of walking with a stick shows us to be in very sooth a most ferocious and uncivilized people, for who would carry a stick save for the purpose of beating innocent folk?—Baltimore Sun.

**Eastern Vermont's Marbles.**

Though the western part of Vermont includes the most extensive marble industry in the country, the eastern part is a virgin field, where, in the face of a general study of the stratigraphy, the structure, the paleontology and the areal geology, it is at present not only impossible to determine the area and position of the beds, but also even the thinness of some of the marble formations, which are but partly exposed. The marbles of eastern Vermont, many of which are dolomitic, vary widely in kind and character, and the outcrop, though few in number, are scattered from the Massachusetts line to the Canadian boundary. Many of the marbles are suited only for indoor ornamental use. The greater part of the ledges are to be classed as mineral reserves which will be drawn on in the future.

## NOTED WOMEN BATTLING FOR COVETED HONOR

(ASSOCIATED PRESS TELEGRAM)  
Washington, April 20.—With the election of officers only one day off removed, the contest between Mrs. Williams Cummins Story, of New York and Mrs. Thatcher Guernsey of Kansas, for president general of the Daughters of the American Revolution, took on renewed vigor today.

Interest in the outcome becomes more and more tense as the time for the battle of ballots nears. Mrs. Story and Mrs. Guernsey will be placed in nomination tonight as well as all other officers, including ten vice presidents-general and others.

## Personal

Mr. and Mrs. S. C. Lewis of the Jutlew flats in West Locust street, are visiting in Moorefield, Harrison county, O., a relative of the latter being quite ill.

Mr. and Mrs. Ava Leak and son have returned home after spending a few days with friends and relatives at Columbus.

Lester Mortele of Somerset was a business visitor in Newark on Monday.

J. S. Matthews of Columbus was a business visitor in Newark on Tuesday.

Miss Leona Egan has returned to Newark spending Sunday at the home of her parents in Garrett, Ind.

Miss Emily Alexander is spending the day in Columbus.

Guy Watkins of the Newark Telephone company is in Detroit, Mich., on a business trip.

Miss Helen Ingman of West Main street spent Monday in Columbus.

## GRATIFIED AT RESPONSE FOR NEW RECRUITS

(ASSOCIATED PRESS TELEGRAM)  
London, April 20.—"War Secretary Kitchener is very much gratified at the response of the nation to the recruiting appeals," Chancellor of the Exchequer Lloyd George told the House of Commons this afternoon. The speaker added that the government did not believe the war could be more successfully prosecuted by means of conscription.

The chancellor declined to answer a question concerning the suggested purchase of breweries and distilleries by the government and said the house must await a general statement of the policy of the government.

**ENTITLED TO DAMAGES.**  
(ASSOCIATED PRESS TELEGRAM)  
Columbus, April 20.—Joseph Mraz and John J. Wattawa, both of Cleveland, can collect \$10,000 and \$8,000 respectively from the Valley Steamship company, as a result of a decision by the supreme court today which upholds the lower courts of Cuyahoga county, in deciding that the two men who were injured while working on the docks are entitled to damages.

**400 MINERS HAD NARROW ESCAPE.**

(ASSOCIATED PRESS TELEGRAM)  
Richmond, Va., April 20.—Four hundred miners escaped safely from a fire which started today in Inman Mine Number 1 and 2, owned by the Virginia Coal and Coke company, at Axtell, Va. Mine inspectors reported that the men escaped, thanks to improved facilities.

**Clean-up Day.**  
The civic improvement committee of the Board of Trade will meet at one o'clock tomorrow afternoon to set the date for clean-up day and to plan for the success of the movement.

## In Milady's Boudoir

BY GWEN SEARS.

To eat too often and too heartily, spells eventual devastation to beauty and health. Women, in general, eat too much and take too little exercise, especially the 'home' woman. A business woman usually swallows a cup of coffee and rushes for her train, but milady of leisure calmly whiles the hours away over the chop or eggs, and at noon she eats another substantial meal, this adding to her obesity and pudgy complexion.

A good rule is never to take anything to eat when very much fatigued, not even the everlasting cup of tea, which seems to be the main dependant for so many women when they feel the need of food. Tea is a stimulant without the least particle of nourishment, except when it has cream and sugar in it; then the cream and sugar would be far better taken alone.

A glass of cool water with two or three lumps of sugar is both a stimulant and nourishment and about the wisest thing a woman could take when exhausted. It is far better than wine or beer and has the merit of leaving no bad effects.

Good meat: once a day, every sort of fresh vegetables to be obtained, very few rich desserts, plenty of good bread and butter, rice in hot weather and fruit all the time according to the season.

When women realize that undigested food is the cause of spotted, sallid and unhealthy complexions, loss of hair, bad eyesight, too much flesh and too little, they will have learned the larger part of the lesson of how to be beautiful in the sense of purity of skin, bright, clear eyes, soft, luxuriant hair and fine figures. Even if the features are not perfect the impression of good health carries with it the impression of beauty in its best sense.

To eat when hungry, to eat slowly, to eat moderately and never to eat anything that has been found to disagree or distress—these are the simplest possible rules that any woman may follow with the result entirely satisfactory as far as her personal appearance is concerned.

## DECISION INVOLVES MILLIONS

(ASSOCIATED PRESS TELEGRAM)

Columbus, April 20.—By a decision of the supreme court here today, the state will have a chance to prove its charge that three railways, the Lake Shore and Michigan Southern, Cleveland and Pittsburgh and the Pennsylvania are generally securing control of land along the lake front in Cleveland, valued, it is said, at almost \$1,000,000.

The court by its action permits the case to be heard here after the railroad had won in the lower courts of Cuyahoga county. Both common pleas and court of appeals had refused to grant the application of the state to restrain the railroads from "filling in" land along a frontage of 1,400 feet on the south lake shore near the mouth of the Cuyahoga river.

The state claims that the railroads have filled in land along the shore and in doing so, have added from 15 feet to 165 feet to their property. The case has been considered of unusual importance because of the effect on similar cases of "filling in." It has been asserted that upon the result of this case, title to property valued at millions of dollars would be settled.

## LOCAL OPTION LAW UPHOLD BY STATE COURT

(ASSOCIATED PRESS TELEGRAM)

Frankfort, Ky., April 20.—Kentucky's local option law was upheld today by the state court of appeals which declared valid elections held last year in four counties.

It is stated that a number of other counties, which have been deterred by the doubtful legality of the law, shortly will take steps to call local option elections.

The prohibition forces describe the effect of the decision as a long step in making the state dry.

**REPORTS FROM GERMAN ARMY HEADQUARTERS.**

(ASSOCIATED PRESS TELEGRAM)  
Berlin, April 20.—By wireless to Saville, N. Y.—German army headquarters today gave out a report on the progress of hostilities reading:

"German sapping attacks in the Champagne country yesterday made progress while a French attack in the Argonne, north of Le Four de Paris resulted in failure.

"Between the Meuse and the Moselle yesterday witnessed isolated but spirited artillery exchanges. A French attack near Flirey broke down. Near Croix Des Carmes, German troops entered the main position of the enemy to the west of Avrecourt, stormed and reoccupied the village of Emberment.

"In the Vosges, a French attack on Schillecker Heights resulted in failure while the German advance on Hartmann-Weilerkopf, gained about 100 yards.

"On the eastern front the situation remains unchanged."

## Your Boys and Girls

The early evening is story-time for the very reason that children are then so tired that a restful position and a fairy tale are about as near to heavenly bliss as any one will ever reach in this world. How unspeakably cruel and unwomanly to deprive the tots of this necessary pleasure.

Toward the end of a day the normal child is in a condition of physiological exhaustion. If we could examine its brain cells microscopically we would find them so changed as to be unable to take up the strains.

It is a well known fact that in such a condition any effort to learn is either impossible or accomplished at an undue expense of energy, resulting in pathological exhaustion which sleep does not relieve. The child becomes neurasthenic in time unless it neglects its work and is called a bad scholar.

When we see the wabbly, unresisting little bodies of tiny babies being squeezed and twisted into dresses that have to go on over their heads, some of us, especially those of us not any too familiar with babies, cease to breathe until the tiny head and poor little tortured arms emerge, quite whole and "undislocated."

It may not be that very serious injury results frequently from the "over-crowded" dresses, but that the children are made uncomfortable during the process, and sometimes even sharply airt, there is no doubt. All the dresses that the wise woman made were not very long, being not more than a foot below the little socked feet, and those dresses buttoned clear to the loins.

They opened all the way down, and the dresses were put on like aprons, and not over the head. As a consequence, dressing was a not unpleasant process for the infant; and, besides, the heart of the laundress was delighted because the little slips were so easily ironed.

## Every Day Etiquette

"Will you kindly tell me if it proper to sign one's name to a reply written in the third person?" asked Madge.

"No, it is not proper to sign one's name to a note written in the third person," replied her mother.

"Kindly inform me what is the proper thing for a young lady to say to her escort upon arriving home from a party or dance?" asked Jane.

"It is enough to say you have had a delightful evening and that you thank him so much for taking you," was her aunt's advice.

Chicago Grain.  
[ASSOCIATED PRESS TELEGRAM]  
Chicago, Apr. 20.—An unusual ac-  
cumulation of small sized selling orders  
in the May delivery brought about a  
slight rise in wheat. As soon  
however as the little rush of selling  
had spent itself, the market for May  
quickly recovered and swung into line  
with other nearby active new wheat de-  
liveries which meanwhile had been

only moderately influenced by the  
weakness of the old crop month. May  
in a general way the old bearish in-  
fluence came vague peace talk and  
from improved reports regarding the  
crop in the southern states. After  
opening unchanged to 74 cents  
lower, prices steadied at a range, 4¢  
24¢ under last night's level.  
Corn declined while wheat. The vol-  
ume of trade though was rather light.  
Opening prices, which varied from 34  
¢, 35¢ lower to a shade advance,  
were followed by a moderate set back  
all around.  
The sag in other grain affected  
oats but not to any radical extent.  
Buyers were scarce.  
Provisions gave way on account of  
the break in cereals. Nevertheless,  
selling by longs did not assume more  
than a scattering character.

Wall Street.  
[ASSOCIATED PRESS TELEGRAM]  
New York, Apr. 20.—Irregular ten-  
dencies were again operative at the  
opening of today's stock market, a  
natural result of yesterday's confusing  
action. Rock Island was the feature  
with an initial sale of 4,000 shares at  
32 to 31, against yesterday's close of  
34. Lehigh Valley was strongest of  
the railway issues, rising three points  
with advance of one point in  
coppers and some of the specialties,  
notably Mexican Petroleum. Later the  
market moved forward, a contribut-  
ing factor being the announcement of  
a further advance in metal prices.  
Uncertainty prevailed throughout  
the morning session, the market mak-  
ing two distinct recoveries from early  
declines. Chairman Gary's statement  
to U. S. Steel stockholders was re-  
garded as the keynote to the existing  
speculative conditions. Rock Island  
reverted steel in activity, draining seven  
points on receivership proceedings.  
Much of the early selling was trace-  
able to the short interest. Drains in  
important stocks ran from one to three  
points, some speculators were  
severely. By midday another recov-  
ery was in progress. A loss of 1½ to  
2 points in Rock Island issues was the  
feature of the bond list.

Mean Suggestion.  
"I made Miss Oldgirl mad the other  
day."  
"How so?"  
"She said she would give me a few  
wrinkles, and I said I didn't care to  
take them, although I knew she had  
plenty to spare."—Baltimore American.

The Five Pointed Star.  
In astronomical figures stars of the  
different magnitudes are shown with  
three, four, five and six points. On  
many of the ancient armorial bearings  
the star has six points and is called a  
"star," while that with five is called a  
"mullet." This figure of the star  
with five points was in use as far back  
as can be traced in history. It was  
called a pentacle, or pentagram, and  
came to have a mysterious symbolical  
meaning.

His Wish.  
"It is a woman's fate to suffer in sil-  
ence," she volunteered.  
"If they'd only let us suffer the same  
way," he rejoined.

Whereupon she remarked that he was  
a hateful, mean, stupid, contemptible,  
despicable, beneath contempt man. So  
there!—Philadelphia Ledger.

Imagination.  
"Robert," said the teacher to a small  
pupil, "can you tell me what imagina-  
tion is?"  
"Yes," said the little fellow.  
"Imagination is what makes a  
fellow think a bee's stinger is three  
feet long after he gets stung."—New  
York Globe.

A Mean Critic.  
"How realistic your painting is! It  
fairly makes my mouth water."  
"A sunset makes my mouth water!"  
"Oh, it is a sunset, is it? I thought  
it was a fried egg!"

Foolish Question.  
"Some one stole my blessed stock-  
ing off our line."  
"What are blessed stockings?"  
"Those which are not darned, of  
course."—Exchange.

love and labor.—Newham.

RECEIVER FOR  
ROCK ISLAND

[ASSOCIATED PRESS TELEGRAM]  
Chicago, April 20.—The Chicago  
Rock Island and Pacific railroad com-  
pany was placed in the hands of re-  
ceivers in Judge Carpenter's branch of  
the United States District court here  
today. The company admitted its in-  
ability to meet more than \$5,000,000  
in short term notes and other obli-  
gations due between now and May 1  
and the court appointed H. C. Mudge,  
president of the company, and Jacob  
M. Dickinson, former secretary of war,  
receivers.

The railway company filed an  
answer consenting to a receivership  
and Judge Carpenter appointed H. C.  
Mudge, president of the railway com-  
pany and J. M. Dickinson, former sec-  
retary of war, as receivers.

Rock Island's increasing weakness  
was later explained by the receiver-  
ship application. The stock lost 13  
points by early afternoon with severe  
declines in the bond issues.

Elsewhere the market was subject  
to shifting movements and condi-  
tions. Bethlehem Steel was lifted  
10 points and a few other specialties  
were brought forward at higher  
prices. Leading issues continued to  
move variably and trading fell back  
to normal proportions.

Answer to Monday's puzzle—Congo.

THE LITERAL JAMAICAN MIND.  
During the early period of the work  
on the Panama canal many persons  
were injured by jumping on and off  
trains in motion on the Panama rail-  
road. There were on the zone police  
force many West Indians who were  
trained and capable men, but incurably  
literal. An order was issued to the  
force to arrest any person found jump-  
ing on or off a train in motion, and the  
next day two West Indian policemen  
brought into a police station a white  
man who was struggling fiercely to  
break away from them.  
"What have you arrested him for?"  
asked the police sergeant who was on  
duty.  
"For jumping on and off the rear of  
a train, sah," one of the policeman re-  
plied.  
"The blamed fools!" cried the arrest-  
ed man. "I'm the brakeman!"  
On one occasion a Jamaican boy who  
was a switch tender in Culobra cut  
was found asleep with his head rest-  
ing on the rails of the switch. "Dat's  
all right, boss," said the boy when  
waked. "No train can get by here  
without me knowin' it!"—Youth's Com-  
panion.

Spohr and the Violin.  
Louis Spohr, the greatest of all Ger-  
man violinists and a man whose name  
is otherwise indelibly written on the  
pages of musical history, was born at  
Brunswick on April 5, 1784, just fifteen  
days after his great contemporary and  
rival, Niccolò Paganini, first saw the  
light of the world. Two greater con-  
trasts than these two men could not be  
imagined. Paganini, the brilliant, daz-  
zling, comet-like apparition, overawed  
the masses, for whose favor he made a  
high bid, while the German, the serious,  
dignified, deep artist, appealed to the  
connoisseurs and cultured musicians.  
Spohr both by precept and example  
exercised a tremendous influence on vi-  
olin playing and violin composition  
and, in fact, on composition in gen-  
eral. The greatest musicians of his  
day stood in awe of him, and even  
Richard Wagner, after Spohr had pro-  
duced "The Flying Dutchman" at Cas-  
sel in 1843, where he was then conduc-  
tor of the opera, in a letter written to  
the great violinist displayed a sense of  
gratitude of which in later years he  
seemed incapable. Spohr died at Cas-  
sel in 1859.

A Great Italian Estate.  
The Duke of Sermopetra ranks among  
the greatest land owners in Italy.  
Fogliano, his estate near the Pontine  
marshes, extends to 80,000 acres, main-  
ly under grass, for the duke owns vast  
herds of cattle. The most productive  
portion of the estate, however, is a  
lake several miles long and about a  
mile in breadth, which, from the time  
of the Roman empire downward, has  
supplied fish for the market in Rome.  
Whenever there is a flood caused by  
rain on the hills the lake overflows  
through a narrow channel into the  
sea. The sea fish find their way  
through into the lake, remain to fat-  
ten in the fresh water and then are  
captured on their return by an ingeni-  
ous labyrinth constructed of reeds into  
which they swim. They are of the  
best kind—chiefly gray mullet.—Lon-  
don Mail.

Polyglot Britain.  
Norman French is still the official  
language of the Channel Islands. It is  
rather a surprise when one begins to  
count the different languages spoken  
within the borders of the United King-  
dom. How many people would guess  
that there are still at least five living  
tongues used among us? There is Eng-  
lish in England, Welsh in Wales, Erse  
in Ireland, Gaelic in Scotland and  
French in the Channel Isles, while Cor-  
nish in Cornwall and Manx in the Isle  
of Man have scarcely yet faded entire-  
ly, and in Whitechapel even the post-  
office prints its notices in Yiddish.—  
London Mirror.

NOTICE TO BIDDERS.  
Sealed proposals will be received by  
the Board of Education of Elm Rural  
School District, Licking County, Ohio,  
at the office of the Clerk, until 12:00  
o'clock noon, Saturday, June 12, 1915,  
for furnishing all material and  
performing all labor for the erec-  
tion and completion of a brick grade  
and high school building, according to  
plans and specifications prepared by  
F. S. Rusk and Cree Sheets, architects,  
145 N. High St., Columbus, Ohio. Plans  
and specifications will be on file with  
the Clerk of said Board of Education,  
and with the architects.  
Bids will be received for the gen-  
eral construction without heating and  
ventilating.  
Separate bids will be received for  
heating and ventilating.  
All bids must be made out in ac-  
cordance with the laws of the state of  
Ohio governing such work and upon  
the form which will be furnished  
upon application to either the Clerk  
of the Board of Education or to the  
architects.  
Each bid must be accompanied by a  
satisfactory surety bond or a cer-  
tified check on a bank doing business  
in Licking County, Ohio, to the amount  
of ten per cent of the total amount of  
the proposal, conditioned upon, that if  
the bid is accepted, the successful bid-  
der will immediately enter into a con-  
tract and give bond to the amount of  
fifty per cent of the contract price,  
which surety shall be satisfactory to  
the Board of Education.  
The Board of Education reserves the  
right to accept or reject any or all  
bids. The contractor submitting this  
bid must furnish bond in strict ac-  
cordance with the laws of the state of  
Ohio, protecting the owner in his mak-  
ing of the contract and the payment of  
the work. It being understood that this  
bond shall insure the faithful perform-  
ance of the contract and full payment  
of all bills for all material and  
labor used in the building.  
By order of the Board of Education of  
Elm Rural School District, Licking  
County, Ohio.  
S. PARKER,  
Clerk.

ACRE LOTS.  
I have ten choice acre lots on  
Raccoon avenue, and Sixteenth  
street, between Granville and  
Church streets. Will sell single or  
as a whole. The land is good, rich  
soil, perfect for gardening and truck  
raising. Ideal for profitable sub-  
urban home. Six acres have already  
been sold off of this track of land.  
Ask these owners what they think  
of their purchase. Look them over  
and buy now, even though you are  
not ready to build, a crop on them  
will go a long way toward paying  
for them this season. Price right,  
you can't equal them.

LET SENTANEL LAXATIVES  
DO YOUR SPRING CLEANING

Wonderful Little Performers, 10c

Like your house, your system needs a little special attention in the spring. Winter has left your bowels clogged, your liver lazy, your blood impure; you need a good inside housecleaning. Sentanel Laxatives will do the trick. And do it without pain or griping. They work more effectively than the ordinary cathartic, for they not only clean out the nasty, noxious poisons, and put your liver back on the job, but they tune up the whole system so that you feel simply great!

There's not a bit of mercury (calomel) in Sentanel Laxatives. They are made entirely from old-fashioned, time-tried herbs and plants that are used by physicians daily. Have your druggist send you a box. 10 doses 10c. Get them busy tonight. Your money back if they don't quickly make good. The Sentanel Remedies Co., Inc., Covington, Ky.

(ASSOCIATED PRESS TELEGRAM)  
Berlin, by wireless to Sayville, N. Y., April 20.—Among the items given out for publication today by the Overseas News Agency were the following:

"Special mail reports from East Africa state that in a two days' battle, German troops near Pangani routed a strong force landed from British cruisers and transports. The British lost 700 men, among them four companies captured, besides many rifles and large stores of ammunition. The German casualties were seven officers and thirteen men killed; fourteen officers and twenty-two men wounded.

"The National Tidende, of Copenhagen again asserts that German officers in Belgium are discouraged with the results of their administration. It is officially stated, however, that the contrary is true. The military government is supplying Belgian farmers with seed potatoes and oats with the understanding that the same quantities shall be returned in the fall after the harvest.

"Eight victims of the last French aeroplane attack on Freiburg were buried at the city's expense, the entire population participating in the services. Berlin school children sent a telegram of condolence to the relatives of the school children killed at Freiburg."

Opens Week's Engagement.

The widely heralded American Stock Company opened their week's engagement at the Auditorium last night to a large house. "A Receipt in Full" was used as their initial play, each and ever member of the cast was an artist in her or his particular part. Several vaudeville numbers were introduced during the action of the play, also several musical selections were rendered by the company orchestra of young ladies.

Tonight the company will offer "The Man of Her Choice," with a complete change of vaudeville. The band will give a free band concert in front of the theatre at 7:15 p. m.

Wednesday a special matinee will be present with bargain prices.

## Y. M. C. A. FINANCIAL CAMPAIGN

At the close of last week's work in soliciting funds for the current expenses of the Y. M. C. A. for the ensuing year \$3,125 had been raised. The Board of Directors met at the building last evening and laid plans for the completion of their work. The aim is \$4000. The citizens of Newark who have not already contributed have an opportunity to help in the amount yet needed. There should be many who would be glad to leave their subscriptions of from \$5 to \$10 a year at the building and thus relieve the directors of the task that is entailed in seeing the large number of friends of the work. Remember that it requires \$800 to make up the required amount.

## BALL GAME

SCHEDULED AT GRANVILLE TO-  
DAY BETWEEN DENISON  
AND HEISEY TEAM.

Shortness of College Season Inter-  
fers with Players Work—  
Large Number Attend King's  
Daughters Meeting.

Granville, O., April 20.—Coach Livingston's motto should be "The Next Thing," as he no sooner finishes one good job than he turns his attention to the next thing on the athletic program. Just now he is busy with Denison's baseball team, trying them out, giving them practice games, and trying to decide on the "pick of the lot." He says that better material offers for the infield than he has had in years, and on Saturday of this week he will try their mettle in the first scheduled game of the season, at Akron, against Akron university. The team plays "the Heiseys" again this afternoon. Mr. Livingston says that the greatest drawback to the National game as played at Denison is the shortness of the season and the chances of bad weather, at this time of year. Neither football nor basketball is so dependent on fair weather as is baseball; though probably nine people out of ten enjoy it more or would enjoy it more—other things being equal.

The King's Daughters met at the home of Mrs. Dickson in Sheppardson court last evening with an unusually large number in attendance. The president, Miss Lillie Jones, presided and in the absence of the leader, she also conducted the devotional service. Three new members were received: Mrs. Hankinson, Mrs. Frank Owen, and Miss Dora O. Lisle. It was decided to close the "rubber contest" Mrs. Follet and Mrs. Kussman leaders — on Thursday. The evening was spent in sewing for the organization. Delicious refreshments were served by the hostess, assisted by her sister, Miss Taylor, Mrs. William McGraw, and Mrs. Charles Duerr.

The quarterly meeting of the board of the Ohio Baptist convention was held this morning in the Neil House, Columbus at 10 o'clock, and this evening the spring meeting of the board of trustees of Denison University will be held. All the members of the board have been invited to dine in Sheppardson Commons at half past five o'clock.

Several Granville ladies expect to attend the first annual meeting of the East Central District of the Woman's American Baptist Foreign Mission society, to be held in the Ninth Street Baptist church, Cincinnati, April 22-23.

Mr. H. C. Phillips will be leader at the meeting of the Senior B. Y. P. U. this evening, his topic being, "One Day in Seven for the Highest Things." Meeting at 6:15 in the Baptist church. The last meeting of the season of

the Granville Women's Music club, will be held Wednesday evening, April 21, at half past seven o'clock at the home of President and Mrs. Clark W. Chamberlain on College Hill. The topic will be "Granville Music in the Past" with an historical paper by the leader. The musical program will consist of the songs and instrumental selections used in this town during the one hundred and ten years of its existence.

Burton Case has finished planting one thousand new trees in his orchards on North street, three miles north of Granville, which embrace some popular varieties. He reports the fruit in good condition up to the present time.

Judge Harvey Keeler of Cleveland was a Granville visitor yesterday, leaving at 5:20 for Zanesville. He expects to return today for the meeting of the board of trustees of Denison university of which he is a member.

Mr. Charles Watkins, who suffered a stroke several weeks ago, continues to improve and it is hoped that he will regain the use of his muscles, entirely. He has received the best of care, and his condition is gratifying.

In response to a telegram received by Prof. V. H. Hoppe this morning announcing the sudden death of his sister of Akron, O., he left Granville at 9:20 to take the train for his home. Prof. Hoppe has the sympathy of the entire community.

## FLOYD KING IS HUSTLER FOR CIRCUS

Floyd King, general press representative of the Hagenbeck and Wallace shows was in the city Monday looking after the interests of the big attraction which will exhibit in this city, Monday, May 3.

Mr. King, while yet a young man, has been in the circus and theatrical business for a number of years and has traveled all over the world and crossed this continent many times. His services are always in demand and he has proven a valuable agent for the Hagenbeck and Wallace circus.

"The circus this year will be better than ever," said Mr. King to an Advocate representative. "As our manager is now complete, having had one of the best animal men in the United States buying abroad for us, early last year.

"We will arrive in Newark Sunday, possibly before dinner, and will start unloading at once. It will give the people of your beautiful little city ample time to witness circus life on the show ground. After watching them unload the trains they will be welcome at the grounds where they can witness the erection of the big white tops and see just how we take care of our men and stock. Supper will be cooked on the ground and will be served in regular hotel style by the best of chefs and experienced waiters.

"Many of our men and women will attend church services Sunday evening, being glad of the opportunity to hear a good sermon. Then after a long night of rest they will be fresh and eager for the big parade Monday morning at 10 o'clock. I want to assure you that our parade this year is bigger and better than ever. It is worth coming miles to see and there will be many novelties introduced never heretofore seen in a circus parade.

"I like to come to Newark," continued Mr. King, "for its people are hospitable and then besides we always do a very nice business here. We give them a good clean, moral show, and for that reason we believe we are always welcome when we return the next season. Now you can assure your people that our big circus is bigger and better than ever this year and is well worth while and well worth coming many miles to see."

Mr. King left Monday for Coshocot where the show may exhibit after Cambridge. They then go to Urichville, Canal Dover, East Liverpool, Washington, Pa., and show at Pittsburgh, May 10 and 11.

### EASY TO DARKEN YOUR GRAY HAIR

Try this! Mix Sage Tea and Sulphur and brush it through your hair, taking one strand at a time.

When you darken your hair with Sage Tea and Sulphur, no one can tell, because it's done so naturally, so evenly. Preparing this mixture, though, at home is messy and troublesome. For 50 cents you can buy at any drug store the ready-to-use tonic called "Wyeth's Sage and Sulphur Compound." You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning all gray hair disappears, and, after another application or two, your hair becomes beautifully darkened, glossy and luxuriant. You will also discover dandruff is gone and hair has stopped falling.

Gray faded hair, though no disgrace, is a sign of old age, and as we all desire a youthful and attractive appearance, get busy at once with Wyeth's Sage and Sulphur and look years younger. Frank D. Hall agent.

### OPEN NOSTRILS! END A COLD OR CATARRH

How To Get Relief When Head and Nose are Stuffed Up.

Count fifty! Four cold in head or catarrh disappears. Your clogged nostrils will open, the air passages of your head will clear and you can breathe freely. No more sniffling, hawking, mucous discharge, dryness or headache; no struggling for breath at night.

Get a small bottle of Ely's Cream Balm from your druggist and apply a little of this fragrant antiseptic cream in your nostrils. It penetrates through every air passage of the head, soothing and healing the swollen or inflamed mucous membrane, giving you instant relief. Head colds and catarrh yield like magic. Don't stay stuffed-up and miserable. Relief is sure.

### Exercise Enough.

### HERO WHO SAVED CHILDREN FROM A MAD DOG SUICIDES.

(Associated Press Telegram)  
Trenton, N. J., April 20.—Fearing death from hydrophobia, John Jacks, a gardener of this city, committed suicide yesterday by hanging. Several years ago Jacks saved several school children from the attacks of a mad dog, and in so doing, was badly bitten himself. He was treated at the time, but every spring, on the anniversary of the affair, he has acted queerly, and yesterday thinking he was going mad from the effects of the dog's bite, he ended his life.

## FOREST FIRES ARE RAGING IN PENNSYLVANIA

(Associated Press Telegram)

Philadelphia, Pa., April 20.—Forest fires which have been raging in Pennsylvania and Southern New Jersey for several days, are assuming alarming proportions. Vast areas of valuable woodlands have been devastated and schoolhouses and barns have been destroyed while several towns have been threatened with destruction.

More than 18 miles of forest land have been laid bare in the vicinity of Pleasantville, N. J., and fire companies from that place, Egg Harbor and neighboring towns were fighting desperately last night to check the flames. The Shore Electric line of the Pennsylvania railroad was on fire at one time during the night and traffic was held up temporarily. Property owners in the fire zone estimate that the damage so far exceeds \$100,000. Several thousand acres of woodland was burned over in Burlington and Ocean counties, but it was believed late last night that the flames in those sections were under control. Two square miles of valuable timber were destroyed near Browns Mills.

In Pennsylvania forest fires are reported in Clinton, Lancaster, Huntingdon, Blair, Schuylkill, Lycoming and several other counties. Eleven distinct fires are burning between Williamsport and State College and several hundred acres of land have been devastated. At Mahanoy City, three hundred men are fighting a blaze which extends a distance of five miles on the Brandonville mountain.

In Huntingdon county, Juniata college was seriously threatened yesterday, but a drenching rain stopped the progress of the flames. From other parts of the state where fires are burning, come reports of dry weather with no prospects of rain.

Riggs Bank and Its President Attacked  
by Secretary of the Treasury McAdoo.

The Riggs National Bank

The Riggs National Bank of Washington, D. C., and its president, Charles C. Glover, have become the object of bitter attack by Secretary of the Treasury William G. McAdoo and John Skelton Williams, controller of the treasury. The building occupied by the bank is one of the finest business structures in Washington. It is not far from the treasury department building and the fighting officials of both institutions may see each other as they go back and forth from their offices.

Controller Williams has charged President Glover and other officials of the bank with practices incompatible with the spirit of the Federal Reserve act and the national banking law. How far the contest will go is not known. The bank brought the fight to a head by bringing suit against the treasury heads who had held out \$5,000 interest due on bonds. But the court fight, it is predicted, will be only the beginning of a contest which may involve several financiers with the department.

Ask Something Easier. Editor of the Advocate: Isn't there great danger that our interest in the war now raging in Europe—saying nothing about the doings of the Ohio legislature—will be wholly absorbed by the law suit now raging in Syracuse, N. Y., between Wm. Barnes, generalissimo and overlord of the Republican party in that state, and Theodore Roosevelt, "author and finisher"—of the late Progressive party? If either of these champions get knocked out in this fight, will not the angels in heaven weep over his fate, even if they have never wept before? Rather will they not laugh to split their sides over the whole performance? And say, Mr. Editor, if Barnes gets damaged against Roosevelt for hitting him up in the same team with Murphy, is not Murphy clearly entitled to damages for being hitched up with Barnes?

M. R. Scott.

## BURKE CASE CARRIED UP TO SUPREME COURT

Columbus, O., April 20.—C. O. Burke of Newark, O., an ex-patrolman, has asked the supreme court to review his case against Mayor Marion Swartz, Public Safety Director Wayne Collier and Civil Service Commissioners I. M. Phillips, Walter Symons and E. Cary Norris. Burke was discharged from the police force July 29, 1913, for an alleged infraction of the rules and sought to mandamus the officials to reinstate him. The case was dismissed on a motion by the city that the mandamus was not appealable. Burke now files a motion directing the court of appeals to certify the record of the proceedings in the court of appeals, on the ground that the question in dispute is a matter of public interest and importance.

## GENUINE PRESCRIPTION FOR ALL RHEUMATISM

Satisfaction Guaranteed or Money Back, Says T. J. Evans.

Rheuma—that is the name of the scientific prescription that is putting old rheumatism out of business.

Rheuma cures by driving the uric acid from the blood. It also acts directly on the kidneys and is better for them than most so-called kidney cures.

Porter Smith, Dobbin, W. Va., writes: "I have been a great sufferer from rheumatism for about 26 years. The disease had become chronic. I began taking Rheuma with little faith in its virtues, but was better from the first day I began its use, and at this time have no more pains."

T. J. Evans and all druggists sell Rheuma, and no rheumatic sufferer can afford not to use it. 50 cents a bottle. Your money back if not satisfied.

### A Sluggish Liver Needs Attention.

Fine for the Stomach, too. Stop the Dizziness, Constipation, Biliousness and Indigestion. Clear the blood. Only 25c. at your Druggist.

## MAY WHEAT HAS SUFFERED BREAK OF SEVEN CENTS

(Associated Press Telegram)

Chicago, April 20.—May delivery of wheat suffered a break today of almost 7 cents a bushel. Free selling of small lots of the May option at the opening caught a number of stop loss orders and in the absence of any strong support the market dropped with startling rapidity. May which closed last night at \$1.63 1-4, sold quickly today as low as \$1.56 1-2, but reacted with almost equal suddenness to within one cent of last night.

New crop months, July and September, in which most of the speculative business has been centered of late were comparatively unaffected by the flurry in the old crop delivery, May.

## VOTING IN MANY ILLINOIS TOWNS ON PROHIBITION

(Associated Press Telegram)

Chicago, April 20.—Twenty-two towns and villages in Illinois voted today on the question of abolishing saloons. Close to 150 saloons are involved in the issue.

Prohibition leaders were confident that women voters will prove an important factor in the balloting and that at least four counties will be added to the dry column.

The principal towns voting today are Ottawa, Dixon, Beardstown and Joliet.

The Y. P. B. meeting, announced for this evening, has been postponed until next week, on account of the lecture at the Neil Avenue M. E. church.

There are 432,000 acres of forest in Coratia.

## GIRLS! LOTS OF BEAUTIFUL HAIR NO DANDRUFF---25 CENT DANDERINE

Within ten minutes after an application of Danderine you cannot find a single trace of dandruff or falling hair and your scalp will not itch, but what will please you most will be after a few weeks' use, when you see new hair, fine and downy at first—yes—but really new hair—growing all over the scalp.

A little Danderine immediately doubles the beauty of your hair. No difference how dull, faded, brittle and scraggy, just moisten a cloth with Danderine and carefully draw it

through your hair, taking one small strand at a time. The effect is smarting—your hair will be light, fluffy and wavy, and have an appearance of abundance; an incomparable lustre, softness and luxuriance.

Get a 25 cent bottle of Knowlton's Danderine from any drug store or toilet counter, and prove that your hair is as pretty and soft as any—that it has been neglected or injured by careless treatment—that's all—you surely can have beautiful hair and lots of it if you will just try a little Danderine.

## COUNTY BOARD OF VISITORS MAKES REPORT

The Licking County Board of Visitors has filed with Probate Judge Robbins Hunter a report of its inspection of the Licking County Children's Home last week. The report pays a compliment to the present management by stating that the home has been operated at a saving of \$1200 in the last fiscal year and also speaks of the good health of the inmates, no medical attention having been needed in the past three months.

The report goes into detail, stating that there are 52 children, 32 boys and 20 girls in the home, ranging in age from 14 months to 17 years. Of these, the parents of eight are either dead or unknown; fifteen are without one of the two parents, three are children of parents who are living together and 25 are children of parents who have separated.

The committee found that "loose living" was the general classification of causes of separation but a more detailed classification could not be made until the matter was more thoroughly investigated.

In the educational department, the committee found occasion to comment on the fact that the county superintendent of schools had not visited the place and recommended that such visits be made with a view of conferring with the school teacher on duty there.

This teacher has 45 pupils in one room, 17 of whom are in advanced grades, some of them being ambitious to attend High school. The committee recommended that the more advanced pupils be permitted to attend the township schools nearby and that in the future arrangements be made for a high school course for those desiring it.

The committee reports that there are a number of children in the home who are "placeable," that is, who are normal in every respect and who are eligible to be placed in proper homes. It is recommended that efforts be made to find homes for these youngsters.

The total net expense of the school for the year ending last August was \$8357.

This report was filed by C. L. V. Holtz, president, O. C. Larson, secretary, and Mrs. Ida M. Kreig, members.

## BANKER DIED IN HOSPITAL AFTER AN OPERATION

(Associated Press Telegram)

New York, April 20.—George Dexter Eustis, head of the banking and brokerage firm of George Eustis and Company of Cincinnati, it was learned today, died in Roosevelt hospital here last night.

Mr. Eustis was taken ill in Philadelphia a week ago while on his way to this city, but remained at a hotel until Sunday, when he underwent an operation for appendicitis. He was vice president of the Cincinnati Gas and Electric company, a director of the Little Miami Railroad company and one of the best known bankers of the Middle West.

## PRESBYTERIANS SEND MILLIONS TO MISSIONARIES

(Associated Press Telegram)

New York, April 20.—Total receipts of \$2,237,076 for the fiscal year ending March 31, 1915, are shown in the statement of the board of foreign missions of the Presbyterian church in the United States of America, issued today. This amount exceeded the receipts of any other year in the board's history, with the exception of the year 1911-12, the statement says.

### OCCUPY IMPORTANT TOWN.

(Associated Press Telegram)

Cape Town, Union of South Africa, April 20.—Forces of the Union of South Africa have occupied Keetmanshoop, the most important town in German Southwest Africa next to Windhoek, the capital. It is an important railroad junction and gives General Batha, the Boer leader, command of the railroad to Windhoek.

## JIMMY LAVENDER BREAKS RIBS IN FALL AGAINST TUB.

Chicago, April 20.—Jimmy Lavender, one of the pitchers of the Chicago National league baseball club, sent word to the baseball park, where he was to pitch against Pittsburg yesterday, that he had fallen against the bath tub in his home and had broken two ribs. Manager Roger Bresnahan said Lavender became ill last night and, while groping around in the dark bathroom, stumbled and fell against the tub. It was said he would be out of the game for some time.

## WILL DROP THE CHARGES AGAINST RAYMOND SWOBODA.

(Associated Press Telegram)

Paris, April 20.—French military authorities have decided to drop the charge of setting fire to the steamer La Touraine which was preferred against the man known as Raymond Swoboda, says the Petit Parisien. Captain Bouchardon, the officer appointed to investigate the case, is credited with having expressed the opinion that there is not sufficient evidence against the prisoner to obtain a conviction on this charge. He still faces an accusation of espionage, however.

A QUICK, SURE WAY  
TO END CATARRH

Catarrh Grows By Millions In  
Air Passages of Nose and Throat.  
Just One Way To Drive Them  
Out.

To stop catarrh for good you must  
drive from your system the germs  
that cause catarrh and that are now  
feeding and growing fat upon the  
swollen inflamed mucous membranes  
of your nose and throat.

A splendid means of destroying  
catarrh germs and overcoming  
catarrh has long been recognized by  
physicians in the well known oil of  
Hyomei (pronounced High-o-mey) and  
it is now a very simple matter for  
any catarrh sufferer to use it with  
splendid results at home, by breath-  
ing its air through a little hard rub-  
ber inhaling device which leading  
druggists are supplying with each  
large complete treatment. Just pour  
a few drops of the oil of Hyomei into  
this inhaler, place it between your  
lips and then breathe naturally and  
the pleasant smelling antiseptic,  
germ killing air will penetrate deep  
down into every fold and crevice of  
your raw, sore nose, throat and  
lungs and give you quick certain re-  
lief, opening up the air passages,  
making you breathe easily, stopping  
the inflammation and discharge and  
driving from your system every cat-  
arrh germ that has found lodgement  
there.

If you want to be free from every  
symptom of catarrh, are tired of try-  
ing one thing after another without  
benefit go to T. J. Evans or any other  
reliable drug store hereabouts and  
get a complete Hyomei inhaler outfit,  
use it every day for a few minutes  
and if it does not drive the catarrh  
germs out of your system and give  
you real lasting relief from catarrh,  
your druggist will give you your  
money back.

'T WAS MIDNIGHT  
BEFORE PLAYING  
DATES ARRANGED

Magnates of the Buckeye baseball  
league wrestled with the problem  
of a schedule from 2 o'clock Monday  
afternoon until long after midnight  
when they assembled at the Portage  
hotel, Akron to settle this impor-  
tant question. The adjustments were  
finally made to the satisfaction of  
every club owner, the constitution  
and by-laws were adopted and other  
business transacted before the weary  
club owners sought their beds.

To give all towns a fair chance at  
the schedule, it was decided to hold  
the dates for release for publication  
on Wednesday or Thursday of this  
week.

All clubs were represented at the  
meeting. P. B. Wreath looked after  
Newark's interests; F. G. Paige, Can-  
ton; A. W. Lawson, Akron; Vincent  
Farrell, Lima; Dr. Leon Van Horn,  
Marion; and C. S. Buckley of Lima.

No playing dates were announced  
but it is understood that Newark got  
a fair break on the playing dates.

Manager Wreath of the Newark club  
reached this city about noon today,  
fatigued with the long meeting and  
the trip from Akron. He will waste  
into the mass of business ahead of  
him here Wednesday and expects to  
get things pretty well arranged by the  
first of the week. He is pleased with  
the city's prospects.

### CITY WILL AID

(Continued from Page 1.)

ordinance gives the fund to the City Hospital but directs that this institution must care for all indigent cases either in that institution or in some other hospital with which it makes arrangements.

Councilman Legge, member of the special hospital committee dissented from the opinion of the other two members, Messrs. Adams and Knauber, and submitted his report in the form of an ordinance providing for the division of the fund between the Sanitarium and the City Hospital. His motion to suspend the rules and pass the measure did not receive a second and the bill was passed until the next meeting.

Besides the full membership of council there were present at the meeting a number of citizens interested in legislation up for consideration.

Clerk Woodward and President Keller disposed of the routine business quickly and took up the mass of business which had accumulated since the last meeting.

The street committee made a report on several matters referred to it at last meeting. It recommended that further time be granted in the matter of the petitions and remonstrances relating to the paving of Gay street. The committee recommends that an alley in Oklahoma be vacated as requested. It being of no use to the city it recommended that property owners in Merchant street send to council a plot of the tract, through which they ask a street to be opened, and that the street be graded and sidewalks be constructed before it is accepted by the city. In relation to the Park avenue paving, the committee recommended that new petitions be circulated as the one considered was circulated in 1912. The report was received and filed.

The law committee reported in relation to the Oakland avenue parking assessments, protests against which were filed. The street improvement is not of the same front but the assessment per foot width is the same. The committee recommended that assessment in the future be made in proportion to the width of the street paving.

The law committee also reported on the question of the change in the method of collecting phone rentals inaugurated by the Newark Telephone company. It was the opinion of the committee that while the new plan was in violation of the franchise ordinance that it was in accordance with supreme court decisions which hold that a city has no right to fix the price to be charged for telephone. The committee declared that it would not be policy to start suit in the face of the court decision. The report was filed.

Services Director Christian reported to council the receipt of a bill from the Newark Gas Light and Coke company for \$1918.65 for gas used at the city light plant from December, 1914, to March 31, 1915. The bill was referred to the law committee.

Services Director Christian also reported that it had been suggested that the city go into the business of collecting garbage. The council was also invited to attend a lecture by Professor Charles Zentlin of Chicago, at Taylor Hall next Monday.

Engineer Wells reported on the cost of the paving of Gay street. The total cost was estimated at \$4,823. The report was referred back to the engineer with request for an estimate for mixed macadam paving. A report on the cost of the sewer in Chestnut street was also submitted.

Hoover street residents asked that their street be paved from Fourth street to Woods avenue. The petition was signed by Irish Beahout and 23 others. It was referred to the street committee.

Three property owners in Linden avenue asked that the street be paved from the end of the present paving, to Church street, a distance of 575 feet. Nearly all the property was represented in the petition.

Property owners on an alley running from Lorust to Church street, between Seventh and Eleventh streets, asked permission to elevate two feet on each side of the alley to widen the street. It was signed by J. W. Shannon and 11 others. It was referred to the street committee.

J. P. Braden and 11 others asked that Tenth street be opened and graded from Log Pond Run to Moultrie street. The Newark Trades and Labor Assembly asked council to appropriate money to aid in the "clean-up" day movement.

W. A. Robbins and others, in a communication to council refused payment of the assessment for the improvement of Indiana street on a strip of property which it was claimed had been used as a street and alley for 20 years. The petition was referred to the law committee.

Councilmen Knauber and Adams introduced an ordinance increasing the

## ATLANTIC FLEET TO BE REVIEWED BY PRES. WILSON

(Associated Press Telegram)  
Washington, April 20. — With May 17 selected as the date for the review of the Atlantic fleet in New York harbor by President Wilson, navy department officials today were working out the details of the review and of events to follow ashore. These include a water carnival on the night of May 17 and a land parade the next day by blue jackets and marines from the fleet, federal

troops and other military organizations. The president will remain in New York until May 14 and the reviewing party which he will head will include members of the cabinet, members of congress, diplomats and others. After the events in New York, maneuvers of the fleet are to be held about May 20 off Narragansett Bay, to be followed by a rendezvous in Hampton Roads, shortly after June 1. Between June 21 and 25 the fleet will begin its long cruise for San Francisco and pass through the Panama canal about July 4. President Wilson has definitely decided that it will be impossible for him to be present at the ceremony incident to the formal opening of the canal in July.
